Offering Range Of Different Setups

We provide a wide range of studio setups designed to match every creative need — from minimalist product tables and lifestyle corners to professional backdrops, podcast stations, and customizable stage designs. Whether you're shooting fashion, food, corporate content, ad campaigns, or recording engaging podcasts, our versatile setups are crafted to give you the perfect environment for impactful content.

The Darbar Room

Where conversations take the throne. With its deep crimson walls, golden lanterns, and vintage accents, this setup recreates the aura of a royal chamber. Every dialogue here feels like an audience with royalty—powerful, intimate, and timeless. Designed as a podcast backdrop, The Durbar Room sets the stage for stories that command attention and linger long after the mic fades.

The Spotlight Corner

A minimal yet elegant setup crafted for solo creators, models, and storytellers. With its rich crimson wall, cane-back chair, warm vintage lights, and lush green accents, this corner strikes the perfect balance between modern simplicity and timeless charm. Designed to keep the focus on the individual, The Spotlight Corner is ideal for model shoots, personal content creation, and one-on-one conversations.

The Heritage Spot

A timeless setup featuring an elegant wooden bar chair, Persian-inspired rug, and warm wall tones accented with antique lights and greenery. Ideal for lifestyle shoots, fashion portraits, interviews, and product visuals that need a touch of sophistication.

The Reader's Nook

A cozy, minimal setup that blends modern design with rustic charm. Featuring a wooden cane chair, tripod floor lamp, and bookshelf accents, this corner is perfect for interview shots, podcast visuals, lifestyle portraits, and content that calls for warmth, intellect, and simplicity. The neutral backdrop and natural textures make it adaptable for both personal and professional shoots.

The Tropical Frame

A refreshing setup that blends minimal design with natural aesthetics. Featuring a sleek wooden bar chair framed by lush green plants against a soft neutral backdrop, this space is perfect for portrait shoots, interviews, podcast visuals, or product highlights. The balance of wood and greenery adds warmth, calm, and an organic touch to any visual story.

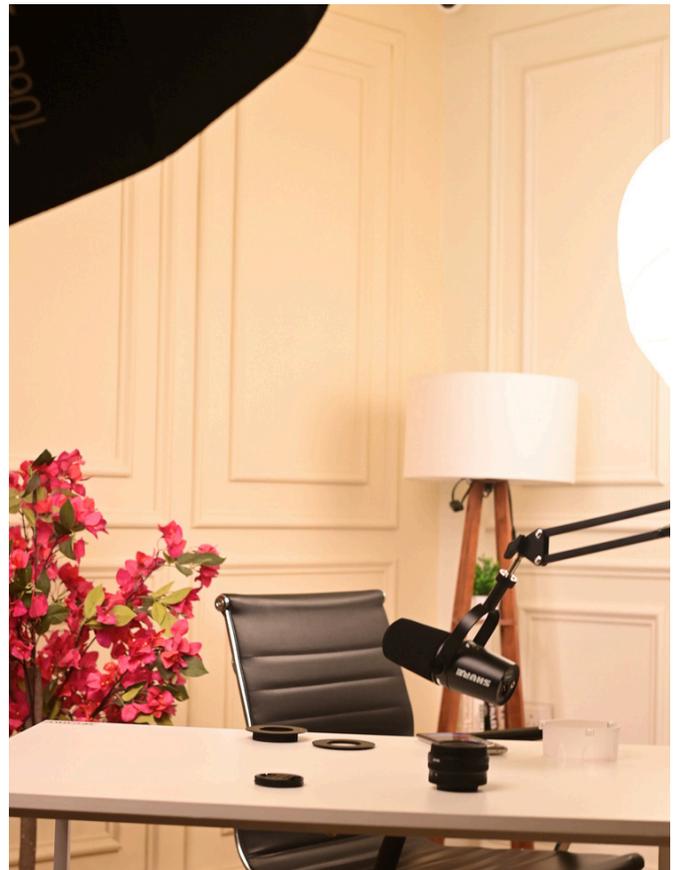

Podcast Talk Setup

Step into timeless elegance with our Vintage Conversations setup. Designed with wooden accents, cane chairs, and a classic rotary telephone, this corner radiates warmth and nostalgia. Perfect for interviews, podcast recordings, fireside chats, or lifestyle shoots, it brings an old-world charm while keeping the spotlight on meaningful dialogue.

Godox P90L

The ProCast Setup

Designed for creators, coaches, and professionals, this setup is a complete package for polished content. Equipped with high-quality lights, a teleprompter for smooth delivery, professional microphones, and a full-frame camera, it's perfect for podcasts, interviews, webinars, online courses, and brand announcements. With everything you need in one place, it ensures your content looks sharp, sounds crisp, and feels engaging.

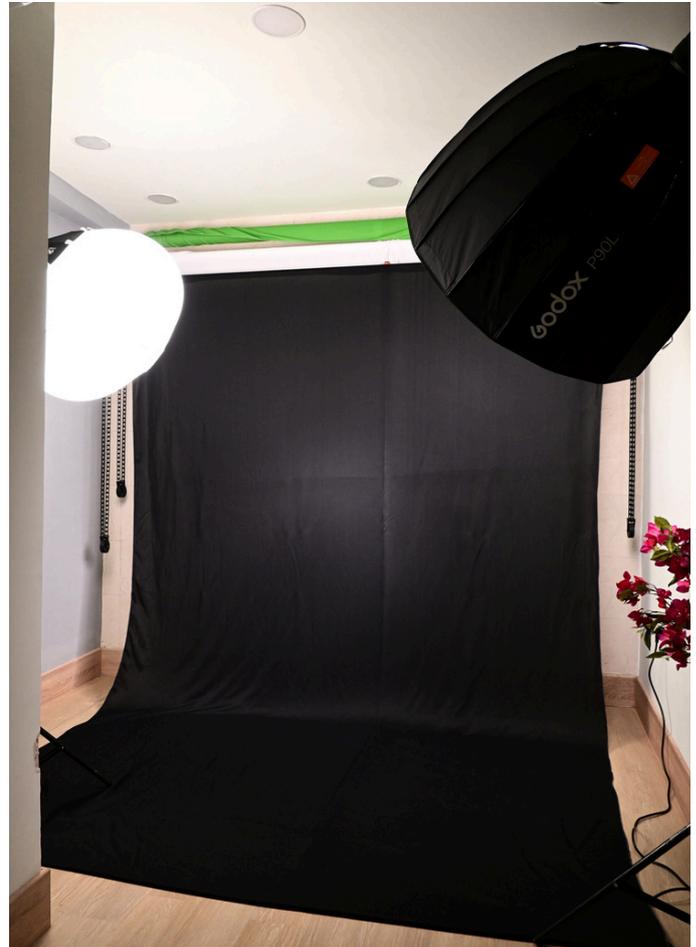

The Product Pro Setup

Perfect for e-commerce, advertising, and brand storytelling, this setup is tailored for high-quality product photography. With professional lighting, precision cameras, and a clean shooting environment, it ensures every detail of your product stands out. From cosmetics to lifestyle goods, this setup helps you capture sharp, vibrant, and true-to-life images that make your products look irresistible.

The Versatile Backdrop

Designed for maximum flexibility, this setup comes with interchangeable cloth backdrops – white, black, and green – giving you endless creative options. Whether it's a crisp professional shoot, a dramatic fashion look, or a green-screen production for dynamic edits, this setup adapts seamlessly. Perfect for model shoots, interviews, product presentations, and content creators, it's built to deliver clean, customizable visuals every time.
